Dear Commissioner:

This communication is a response to a first and non-final Office Action dated November 16, 2004, wherein the Examiner has allowed claims 12-20, objected to claim 4, and rejected claims 1-3, and 5-11 under 35 USC 103 using Mullis and Singerman. The applicant has amended his claims in a way that he believes distinguishes his invention from the prior art. The applicant also believes that his changes to the claims have been made without adding new matter.
